Section Heading

The opening paragraph has no indentation. The first letter of the opening paragraph of the article should be in drop case. Your article's format should follow the format of this template. This section explains the research context and states the proper objectives or it must contain clear and unambiguous research problem statement. In this section, authors should cite a minimum of 5 recent articles that are relevant to the research in the last 5 years from Scopus indexed journals. It should contain a minimum of 500 words and a maximum of 800 words.

The beginning of the subsequent paragraph should be indented. It should be known that the manuscript should not include direct quotations, with the exception of holy texts and interview results. If a direct quotation is included, a maximum of 100 words for each quotation is allowed. A quotation sample is as follows:

The quotation must be indented without any quotation marks, the text should be italicized and concluded with annotations in parentheses after the full stop as demonstrated in this example. (Interview with Informant, location/date/month/year)

Please do not alter the margins and spaces of the template. The template was made to assist you in writing your research work. Changing the lay out, font, space, and other attributes will impede our efforts in reviewing your work.
